RESPONSE TO RESTRICTION REQUIREMENT

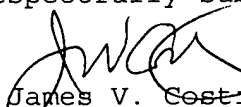

Sir:

In response to the Restriction Requirement, applicant
elects uridine 5'-monophosphate, with traverse. Claims 1, 8,
13, 21 & 26 are listed as reading on the elected species.

Reconsideration is requested.

The Examiner has not alleged that there are independent
and distinct inventions present that would provide a statutory
basis for requiring the election of a species. For this
reason, it is requested that the requirement be withdrawn.

Respectfully submitted,

James V. Costigan
